<p>Remarks: Attached are the questions posed to the Agency by the Senate Select Committee, which we ask be answered by the DDA. As you know, we are on an extremely tight time schedule and will need your response no later than Noon, Tuesday, 5 April 1977. Note that the questions come from three separate lists which we have designated A, B, and C. We ask that you use the numbers indicated on the attached to identify your responses. Answers should be brief, hopefully limited to one or two paragraphs in most cases and on a single page. The question should be repeated, followed by the answer and typed single spaced. With respect to Question A/4, I am attaching information already included in the Backup Book which might be helpful in responding to this specific question. Also, Question A/4/d. has also been posed to the DDS&T, so we suggest that OL get in touch with the contracting people in that Office to coordinate the response. With respect to Question A/6, the DDO has been asked to answer this question; however, we ask OF to make a contribution to the extent practical. With respect to Question A/52, I am attaching information from our Question and Answer Book which might be used to assist with your answer. Question B/4 has been assigned to the DDI and is being provided to you largely for information, with the request that it be passed along to ODP with the suggestion that it provide input and assistance to the DDI in responding to this rather lengthy question. With respect to C/16, I am attaching an excerpt from the Congressional Budget on which this question is based. Obviously, one of the contributing factors is SLUC, which appears for the first time in 1976.

We are not burdening you with the total list of questions, but will be glad to provide the comprehensive list if it would serve any useful purpose.
